

The North Penn School District Educational Foundation is looking for both sponsors and golfers for this special outing to help raise funds so we may continue to provide innovative classroom grants that enhance the educational experience at North Penn School District. Plus:

- **Golfers** enjoy a fun day on the course, starting with a great **lunch from Bonefish Grill Montgomeryville**, drinks throughout the day, and a delicious dinner, all while supporting the quality education for which NPSD is known, for just \$175 per golfer. And you have the opportunity to make valuable business contacts.
- **Sponsors** have the opportunity to gain visibility among this select audience in a variety of different ways. Not to mention, you also help students gain valuable opportunities like no other.

Just one of the many opportunities provided by the Foundation thanks to the generosity of others...

Monster Sewing Project

The Monster Project is a unique collaboration between first- and ninth-grade students. Elementary students design a patterned monster and share it with their middle school Family and Consumer Science partners, who bring the creations to life using felt and their sewing talent. The older students deliver the completed monster to their partners during an end-of-project celebration and even read a story together.

Since 1988, NPSD educators have been applying for grants that support and complement their subject area's curriculum and create innovative student engagement, which leads to improved learning and comprehension. The Foundation, a 501c(3) corporation, has provided over \$2 million in funding for these programs through collaboration among individuals and institutions committed to enriching the education and lives of students throughout the district.

Consider joining us on the course or as a sponsor and make a difference in your own backyard! **Register online at www.npennedfoundation.org or complete a registration form by September 21, 2026.** Hurry, space fills quickly!

Sincerely,

Christine Liberaski
