

**The North Penn School District Educational Foundation is looking for both sponsors and golfers for this special outing** to help raise funds so we may continue to provide innovative classroom grants that enhance the educational experience at North Penn School District. Plus:

- **Golfers** enjoy a fun day on the course, starting with a great lunch provided by Bonefish Grill Montgomeryville, drinks throughout the day, and wrapping up with a delicious dinner, while supporting the quality education for which NPSED is known, for just \$175 per golfer. And, you have the opportunity to make valuable business contacts.
- **Sponsors** have the opportunity to gain visibility among this select audience in a variety of different ways. Not to mention, you also help students gain valuable opportunities like no other.

**Just one of the many opportunities provided by the Foundation thanks to the generosity of others...**

#### **STEM Robotics at Gwynedd Square Elementary School**

Gwynedd Square students experienced hands-on STEM learning as they gained an understanding of how to build robots and program them to complete tasks. Students also witnessed the progression from basic robots to more comprehensive robots that were utilized in multiple ways throughout the lessons. Students were motivated to want to take part in future learning involving engineering and programming, in addition to other aspects of STEM.

Since 1988, NPSED educators have been applying for grants that support and complement their subject area's curriculum and create innovative student engagement, which leads to improved learning and comprehension. The Foundation, a 501(c)(3) corporation, has provided over \$2 million in funding for these programs through the collaboration among individuals and institutions committed to enriching the education and lives of students throughout the district.

Consider joining us on the course or as a sponsor and make a difference in your own backyard! **Register online at [www.npennedfoundation.org](http://www.npennedfoundation.org) or complete a registration form by September 22, 2025.** Hurry, space fills quickly!

Sincerely,

Christine Liberaski

Executive Director, NPSED Educational Foundation
