

# Thank someone who's made a difference! Foundation Winter Staff Tribute

Make a donation to the NPSD Educational Foundation in the name of a staff member.

December 2021

Dear North Penn Community,

We are so proud to be offering students a more traditional look and feel of a school experience this year. It has taken every employee of the North Penn School District to be able to bring our students and our community back together. It's because of the outstanding North Penn educators, support staff, nurses, drivers, facilities crews, nutrition teams and so many more who continually adjust to what needs to be done so our students continue to achieve academic milestones while having the opportunity to receive supports and experience the social aspect of school.

As we enter the holiday season and have a chance to reflect on the last several months, you may realize there have been staff members who truly have made a difference in the life of your child or family. Many parents wish to show their appreciation by offering a small gift during the holidays. And while our staff appreciates these genuine gestures of thanks, please consider an alternative – a gift in the name of that special staff member to the NPSD Educational Foundation.

The NPSD Educational Foundation was established in 1988 to raise funds for innovative and creative educational programs to improve our students' overall educational experience. For instance, the Foundation recently awarded the NPHS Technology & Engineering Education Department a groundbreaking grant that allows NPHS to be the first high school in North America to offer the Spatial Computer Program to its students. Not to mention, **the Foundation continues to provide classroom grants to bring innovation to life by funding classroom equipment, field trips, project materials, program software, guest speakers and so much more at all levels and at all schools for all student.**

The NPSD administration, the North Penn Education Association and the North Penn Educational Support Personnel Association have endorsed this program and hope you will consider joining other parents in this effort. **Donate online by visiting [www.npennedfoundation.org/stafftribute](http://www.npennedfoundation.org/stafftribute) or complete the form below.** If you have any questions about the Foundation or the Staff Tribute Program, please call Christine Liberaski, executive director, NPSD Educational Foundation, at 215-853-1020.
