

THANK SOMEONE WHO'S MADE A DIFFERENCE

Consider making a donation to the NPSED Educational Foundation in the name of a staff member who's made a difference in the life of your student.

Dear North Penn Family,

As the holiday season approaches many of us reflect on those who have made a difference in the lives of those around us. The North Penn School District staff is a driving force of encouragement and leadership to students. With the help of the NPSED Educational Foundation and the grants it provides, staff members are able to provide unique and innovative experiences for students.

The Foundation is able to offer these experiences to students thanks to donors. This year, as you consider who has made a difference to your student, consider donating to the NPSED Educational Foundation's staff tribute campaign in the name of a special staff member. The recipient will receive a certificate indicating a donation was made on their behalf from you and/or your student (as indicated below). Plus, the Foundation will use that donation to continue providing worth-while learning experiences through future grants to staff members across the district. Generous donors helped provide the funding for over 50 grants totalling over \$123,231 last year, including these exciting opportunities:

The Joy of Reading Reading Superbowl

NPHS football players traveled to NPSED elementary schools, reading to students and inspiring a love of literacy in their younger peers while gaining leadership skills.

Inspiring Creativity Clay and Color

Pennfield Middle School students got to use professional colored pencils to explore a variety of drawing techniques and gain a deeper understanding of color theory.

Exploring & Innovating Scanning Electron Microscope

NPHS purchased a scanning electron microscope, allowing students to do scientific research on the college level. **North Penn High School is now the only high school in the country to own a SEM.**
